**Re: Developer's Assessment Report timeline – Deh Cho Bridge Corporation  
Mackenzie River Bridge**

On March 5, 2004 the Mackenzie Valley Environmental Impact Review Board finalized and issued the Terms of Reference for the Deh Cho Bridge Corporation Mackenzie River Bridge project, EA03-008.

The next phase in the work plan involves the developer's submission of the Developer's Assessment Report (DAR) according to the requirements outlined in the final Terms of Reference. The timelines associated with the DAR phase of the work plan are intended to serve as a guideline. The time allotted for the preparation of the DAR is 10 to 20 working days. Please notify the Review Board in writing if your organization anticipates submitting the DAR any later than April 2, 2004. Your cooperation in this matter will greatly assist us in achieving a timely and effective Environmental Assessment.

If you have any questions or require additional information, please do not hesitate to contact me at (867) 766-7062 or kimberley@mveirb.nt.ca.

Sincerely

Kimberley Cliffe-Phillips  
Environmental Assessment Officer
