Re: Decision on Request for Ruling to Suspend EA0506-007 (Paramount SDL 8)

During its meeting of January 17 to 19 the Mackenzie Valley Environmental Impact Review Board addressed the Request for Ruling made by the Ka'a'Gee Tu First Nation on December 21, 2006. The Ka'a'Gee Tu First Nation requested that EA0506-007 be suspended immediately and not recommence until legal proceedings T-1379-05 and T-1996-05 in federal court are completed. The Review Board denied the request. Written reasons for this decision will be issued shortly.

Sincerely
