### Distribution List

Dear interested parties:

**Re: Scoping Session/Community Hearing for EA0506-007 (Paramount SDL 8)**

Following the work plan issued for EA0506-007 on December 19, 2006, the Mackenzie Valley Environmental Impact Review Board will hold a Community Hearing to scope the issues for this environmental assessment on Tuesday February 28, 2006 in Hay River. The exact location and time are yet to be determined and will be transmitted to you as soon as possible.

The Community Hearing will be conducted according to the MVEIRB's Rules of Procedures. A community hearing is meant to be rather informal and pre-registration is not required. Parties planning on making a formal presentation to the Board are, however, asked to contact the MVEIRB office a week in advance of the session.

If you have any questions, please call me at (867) 766-7053 or e-mail [mhaefele@mveirb.nt.ca](mailto:mhaefele@mveirb.nt.ca).

Sincerely
