**Subject: EA0607-002 Tamerlane Pine Point Project - FINAL Update Prior to
Close of Public Record**

On October 31, the Review Board has issued IR#55 to the developer, consisting of a list of draft commitments stated by the developer on documents issued to the public registry during the course of the EA. **The developer provided a response to this Information Request on Friday, November 2, 2007; this response is available on the MVEIRB website for parties' consideration.**

The deadline for receiving materials from Parties is 5PM Mountain Standard Time, Tuesday, November 6, to provide time for any comments on the response to IR#55. The deadline for receiving material from the developer is 5pm MST, Wednesday, November 7, at which point the Public Record will close for this EA.

Since October 31, the Review Board has received the following material and submitted it to the Public Registry, copies of which are all available on the Review Board website (www.mveirb.nt.ca):

1. Nov. 2 – Environment Canada's response to Undertaking #3, accepting all the commitments made by Tamerlane Ventures on wildlife issues
2. Nov. 2 – Developer's response to IR#55, with clarifications on a variety of commitments made during the course of the EA

3. Nov. 2 – INAC's response to Undertaking #1 from the Public Hearing, identifying a couple of programs to assist traditional harvesters displaced from their livelihoods
4. Nov. 2 – GNWT's response to Undertakings #4 and #5 (a and b) from the Public Hearing, identifying
 - a. The status of the Deh Cho Boreal Working Group
 - b. GNWT's response to the developer's commitments on air quality, as well as the air quality report done for the developer by RWDI Air Inc.
 - c. Relevant information about the current status of child care in the South Slave region.

Note: this is the last EA update notice before the Public Record closes. All of the relevant evidence should now be on the Public Record. Contact me with any questions or requests for material.
