To Whom It May Concern:

Tamerlane Ventures Pine Point Project

I am writing to affirm my wholehearted support for Tamerlane Venture's proposed project.

I am very much aware of the project's details from my attendance at public information sessions hosted by Tamerlane Ventures in Hay River and also from your organization's information session on the Hay River Reserve. I have also had numerous meetings with Mr. David Swisher and Mr. Jerry DeMarco.

I applaud the effort that Tamerlane has demonstrated to date in communicating and consulting with the public, First Nations and Government agencies. It is very evident that the project has generated strong support from all stakeholders. I know that the Pine Point Project will generate significant economic benefits for the Northwest Territories and, in particular, to the residents of Hay River. I am also confident that both Tamerlane and your organization will work together to ensure that responsible environmental stewardship is carried through.

I want to wish Tamerlane Ventures every success, and on behalf of my constituents, welcome Tamerlane to the Northwest Territories.

Yours truly,

Paul Delorey, MLA
Hay River North
