SUBJECT: EA0607-002 – Tamerlane Pine Point Pilot Project Site Visit

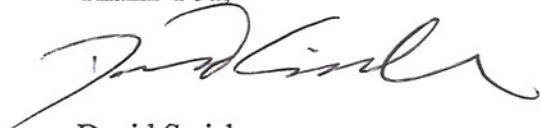

NOTES:

In conjunction with the scheduled scoping sessions in Hay River and Fort Resolution, I would like to invite everyone to join me for a site visit the morning of August 17, 2006, 9:00 am. The purpose of the visit is to become familiar with the project site and ask questions.

DIRECTIONS:

While traveling from Hay River to Fort Resolution on Territorial Route 5, turn left near km 42. Cross over old rail line and continue on gravel road approximately 500 meters until you reach a "T" in the road. Turn left and continue until you reach a clearing. Find parking where available.

Thank You,

David Swisher
Senior Project Manager
