EA0708-005 Bayswater Uranium Crab Lake**

**Draft Work Plan Information Meeting/Teleconference
Tuesday, February 5, 2008 – 10:00 am MST
MVEIRB Boardroom/Teleconference**

Purpose: This discussion will provide an opportunity for interested groups to “walk-through” the proposed steps in the Draft Work Plans for these four EAs with the Review Board staff. Questions of process clarification are welcome. In addition, Review Board staff will be explaining the likely next steps in the EA processes, and re-iterating the deadline of February 8, 2008, for comments on the Draft Work Plans.¹

Location: Suite 200 Boardroom, Scotiabank Centre (5102 – 50th Avenue), Yellowknife

Teleconference: dial 1-866-512-0904, participant code is 8581475, followed by the # key (if you have difficulties, contact the Review Board reception desk at 867-766-7050).

Note: This will be an informal meeting. The discussions will be taped and a copy kept on the public record, but the minutes will not be exhaustively written down. This is an information session only. All comments about the structure of the Work Plans and proposed changes will need to be provided in writing to the Review Board by 5pm MST, Friday, February 8, 2008. The Review Board will consider all written comments when developing final Work Plans for each of the four EAs.

Proposed Agenda

- | | |
|--------------|--|
| 10:00 | Introductions |
| 10:15 | Review Board staff walk-through of Draft Work Plans |
| 10:30 | Question period |
| 11:00 | Review Board staff explanation of next steps in the four EAs |
| 11:30 | Adjournment |

¹ If you do not already have copies of the Draft Work Plans for any or all of these EAs, they are available on the Review Board’s public registry at www.mveirb.nt.ca or upon request by fax from the Review Board. Contact Alistair MacDonald, Environmental Assessment Officer in charge of these files, at amacdonald@mveirb.nt.ca, or by phone at (867) 766-7052.
