Subject: EAs 0708 – 002 through 0708-005

Subject: Notification of New Lead Environmental Assessment Officer (EAO) for EAs 0708-002 through 0708-005

To whom it may concern,

For future reference, I am now the lead EAO for the following environmental assessments:

EA0708-002 Uravan South Boomerang Mineral Exploration Program
EA0708-003 Uravan North Boomerang Mineral Exploration Program
EA0708-004 Bayswater Uranium E1 Lake Mineral Exploration Program
EA0708-005 Bayswater Uranium Crab Lake Mineral Exploration Program

Given the similarity of locations, activities, and previous concerns associated with similar developments, the Review Board considers it most efficient to have one EAO leading these files.

All correspondence to the Review Board should be addressed to me. If for any reason I am unavailable, Tawanis Testart is the backup on this file. Her contact details are

ttestart@mveirb.nt.ca

In addition, please see attached current distribution list for all four environmental assessments (excepting the developers). Do not hesitate to contact me with any questions or comments, including any comment on whether the distribution list contains accurate contact information for your organization.

The Review Board will be starting the scoping of these environmental assessments in short order.
