**RE: EA0708-004 & EA 0708-005. Bayswater Uranium Corporation Crab & El Lake
Mineral Exploration Program**

Dear Mr. MacDonald;

The Fort Resolution Metis Council has passed a resolution at our Annual General Meeting held on November 14, 2007 that opposes all Uranium Mining in our traditional area. We feel that this project poses a great threat to the Thelon and MacKenzie watersheds and basins. And will have a hugely negative impact on the wildlife in the area.

At this time the Fort Resolution Metis Council would like to express our opposition to the proposed Uranium Exploration Program in Boomerang Lake.

Should you require further information please do not hesitate to contact the above address and numbers.

Sincerely,

Kara King
