Dear Ms. Testart:

Re: TALTSON EXPANSION PROJECT – Developer’s Assessment Report Submission Update

The Project design and refinement process occurring in response to the environmental assessment process as outlined in our November 4th, 2008, letter to Mackenzie Valley Environmental Impact Review Board (MVEIRB) is nearing completion, as is the Developer’s Assessment Report (DAR). However, it is necessary to adjust the submission date for the DAR to ensure that a comprehensive and cohesive document is provided.

The Dezé Energy Corporation now anticipates submitting the DAR to the MVEIRB in mid January, 2009.

Sincerely,

Dan Grabke
Managing Director,
Dezé Energy Corporation
