Hi everyone,

I've discussed this with Sonya and Stephanie, but here is a request from us as to what dates would be convenient for a community information session in Lutselk'e. I'd like to aim for the second week in September, Sep 7 – Sep 11, 2009.

Rosey, I haven't talked to you about this, but the idea is to hold an informal meeting that would be complementary to the technical sessions we have, but where community members can share local knowledge and information about the project, project area and potential impacts. We are holding it in Lutselk'e, and the Review Board would like to offer travel assistance to three individuals from Ft. Resolution to attend the meeting. It would of course be public (all of our meetings are) so anyone can attend.

My little girl has strep throat, so I'll be at home until Monday, but if anyone has questions for me you can reach me at home at (867) 920-2583 or on my cell at (867) 445-9887.

Thanks!

Tawanis Testart, EAO
