Twanis;

I have just been advised by Chief Adeline Jonasson that the scheduled meeting for February 12, 2008 will have to be cancelled and rescheduled for the week of March 3-7, 2008. There is an elder who is very ill and most of the elders and councillors are away to see him. Sorry for any inconvenience that this may have caused. Our department will be away from the office all day attending an Governance workshop and hopefully we will have time later in the day to talk.

Regrettably;
