RE: February 12, 2008 MVEIRB Scoping Session

Ms. Testart,

As per our telephone conversation regarding the planned scoping session in Lutsel K'e on February 12, 2008. Lutsel K'e is confirming that this date is available for the meeting and is looking forward to MVEIRB attendance here in the community. Lutsel K'e has many concerns and as such this planned meeting has been tagged a very high priority and confirmed by our Chief & Council.

We would like to request a copy of your planned agenda for the day, as well as all other logistical information. Your direct contact for this will be Sonya Almond, WLEC assistant or I.

Regards,

Ms. Iris Catholique
A/WLEC Manager
