

January 10th, 2014

To: Parties of the Giant Mine Remediation Project Environmental Assessment (EA0809-001)

Re: Working Meeting Agenda- Giant EA Consult to Modify Process

All registered parties to the Giant Environmental Assessment are invited to a one-day in-person working meeting on Monday January 20th, 2014. This meeting will give parties an opportunity to discuss their views of the ministers' proposed modifications prior to the written submission deadline of Monday, January 27th, 2014. Each party, including the developer, will have the opportunity to clarify their interests and expectations to the other parties. This working meeting will be staff-facilitated and held at the Review Board boardroom.

The ministers' proposed modifications are posted online at:

http://reviewboard.ca/upload/project_document/EA0809-001_AANDC_Minister_letter_-_consultation_to_modify_measures.PDF

Due to space constraints, and out of interest in keeping the size of the working meeting small and productive, parties are asked to send only two participants each. If you want to send more than two representatives, please notify me by e-mail and I will do my best to accommodate your needs.

Sincerely,

(Original signed by)
