Re: Presentation at Oct 12, 2011 Hearing in Ndilo - EA 1112-001 Debogorski
Diamond Exploration Project, Drybones Bay

I will start with a preamble asking for a blanket section 81 with option to apply for development covering the Drybones area. I will refer to this being a political jurisdictional dispute.

Then I will describe my proposed development as I did at the public hearing in Detach.

Developer,

A handwritten signature in black ink that reads "Alex M. Debogorski". The signature is written in a cursive style with a large, sweeping initial 'A'.

Alex Debogorski
