Re: Work Plan

The Review Board received CanZinc's Developer's Assessment Report (DAR) for the proposed all season road and airstrip project on April 23, 2015. On May 22nd, 2015, the Review Board released its Adequacy Review of the DAR. The Adequacy Review requires CanZinc to submit additional information to progress to the information request stage.

A work plan¹ outlining the anticipated dates for key steps was issued on May 7th, 2015. The work plan stated information requests by parties would be due July 9th, 2015. This date will not be adhered to since the Adequacy Review response from CanZinc has not been submitted yet. Once CanZinc submits its response the Review Board will issue an updated work plan.
