Hi Allison,

That can be done.

The intent with the letter and the preliminary agenda was to give parties an idea of the broad topics for each day, primarily to forewarn parties about which days they may need to bring consultants in. The agenda is intentionally limited. The Board is looking for feedback on the key issues parties would like to discuss to make a more detailed agenda.

Hope this helps.

Sachi

Subject: CZN Tech Session Agenda-Cultural Resources

Hi Sachi,

We were just taking a look at the draft agenda for the technical sessions and noticed that there does not seem to be time allotted for a discussion on cultural resources.

Both Parks and the GNWT have identified a lack of information with respect to cultural resources in IRs. We were hoping to have an opportunity at the technical sessions to discuss this.

Thanks

Allison
