Re: Wildlife Monitoring Plan Working Group

Dear Mr. Lines:

The Panel appreciates the initiative taken by De Beers Canada and parties to engage in a working group for Wildlife Monitoring for the Gahcho Kue Project, derived out of the May 22-25 Technical Meetings.

As per your invitation received on June 15, 2012, for the Wildlife Monitoring Plan Working Group, the Panel accepts the invitation and would be pleased to attend the working group meeting in July. The Panel's technical advisor Anne Gunn will represent the Panel on the working group.

Sincerely,

Nicole Spencer
EAO
