DELIVERED VIA EMAIL

Dear Mr. Toogood:

Update on the submission of the Developer's Assessment Report for the Mackenzie Valley Highway Project (EA1213-02)

Thank you for your letter dated June 10, 2022, requesting an update on the submission of the Developer's Assessment Report for the environmental assessment of the Mackenzie Valley Highway (MVH) project, and encouraging our team to share findings from recent Virtual Public Engagements, which were undertaken this summer. Work to compile the information gathered from these engagements is currently being compiled into a "What we Heard" report.

As it has been some time since our team has had a chance to meet in person, I would like to suggest we work together to coordinate a comprehensive update for the Mackenzie Valley Environmental Impact Review Board (Review Board) on the status of the MVH, including our anticipated schedule, and preliminary feedback from our ongoing public engagement, at the Review Board's earliest convenience.

Ms. Patricia Coyne, Manager, MVH Environmental Affairs will be reaching out shortly to confirm your availability and support for this approach. I trust this will work for all of us and I hope to connect soon.

Sincerely,

Seth Bohnet
Director, Strategic Infrastructure
GNWT Infrastructure
