Re: EA1617-01, Tłı̄chǫ All-season Road (TASR) meeting between GNWT, NRCan and NPMO

On September 13, 2017, the Government of the Northwest Territories (GNWT) met with Natural Resources Canada (NRCan) and Northern Projects Management Office (NPMO) to discuss requirements for explosives storage and manufacturing for the TASR environmental assessment. The GNWT will continue to discuss with NRCan to determine whether explosive permits may be required for the TASR. The GNWT will provide more details to NRCan by October 6, 2017 on expected use and supply of explosives in order to inform NRCan's technical report submission due October 11, 2017.

Staff present at the meeting:

Stu Niven, GNWT- Infrastructure

Lara Mountain, GNWT- Infrastructure

Tamika Mulders, GNWT- Lands

Umar Hasany, NPMO

Rachelle Besner, NRCan

Rob Johnstone, NRCan
