RE: Mackenzie Valley Highway Project, Government of the Northwest Territories

On September 26, 2023, the Government of the Northwest Territories (the developer) met with Mackenzie Valley Review Board staff to discuss the Mackenzie Valley Highway project. The developer said it would submit the Developer's Assessment Report in mid-October (PR#[84](#)) and described the document (2500 pages across five volumes). Review Board staff told the developer that it would post the report to the public registry online and conduct an in-house conformity check to verify that the report addresses each item in the Terms of Reference before inviting parties to comment.
