Re: Corrections to interventions submitted by Environment and Climate Change Canada and Yellowknives Dene First Nation

Please be aware that Environment and Climate Change Canada (ECCC) and the Yellowknives Dene First Nation (YKDFN) are submitting the following small corrections to their interventions ([PR#111](#) and [PR#112](#), respectively).

ECCC

- pdf p9, ECCC conclusion should read “ECCC considers ECCC – TC2 resolved”.

YKDFN

- pdf p9 under “YKDFN’s Conclusions”, the last sentence appears to be truncated. “Additionally YKD” should be omitted from the document.
- pdf p9 there is a repeated sentence at the bottom of the page that should be deleted.
- missing text on bottom of pdf p 11. The sentence should read: “Taking this plausibility into consideration, YKDFN is of the opinion that due to having the least favored modelling predictions, the board should not consider this lake pit as an option under any condition.”

For questions or more information on this environmental assessment, please contact Catherine Fairbairn (867-766-7054, cfairbairn@reviewboard.ca) or Kate Mansfield (867-766-7062, kmansfield@reviewboard.ca).
