Dear Mr. Toogood:

EA1617-01 Tł̨chq̨ All-season Road: Wildlife Management and Monitoring Plan

Please find enclosed the Government of Northwest Territories' (GNWT) submission of an updated draft Wildlife Management and Monitoring Plan (WMMP) for the Tł̨chq̨ All-season Road (TASR).

The WMMP is currently a draft document. The GNWT will revise the draft WMMP to reflect input received throughout the remainder of this environmental assessment and will submit an updated draft to the Wek'èezhii Land and Water Board as part of a post-environmental assessment information package for the TASR, should the project be approved. As part of the regulatory process, the GNWT will submit the WMMP to the Department of Environment and Natural Resources (ENR) for approval. ENR will consider a public review of the WMMP as part of the approval process if there are outstanding issues to consider.

If you have any questions or comments, please contact me at (867) 767-9089 ext. 31194 or by email at Michael_Conway@gov.nt.ca at your earliest convenience.

Sincerely,

Michael Conway
Regional Superintendent
